

Name: Marcelo Stöckle  
Nationality: Chilean  
Date of birth: February 01, 1991  
RUT: 17.717.359-2  
Address: San Ignacio de Loyola 38, casa 14. Concepción, Chile.  
Contact: (+569) 9821 5427  
marcelostockle@hotmail.com

Informatics Engineer. Biochemist. Job aspirations: full-stack development (node, Express, React), QA-automation, DevOps. Experience in development of scientific applications using Java, Matlab y Python/Jupyter. Languages: fluent English, conversational Japanese, German, Dutch, French.

## EDUCATION

- 2017 – 2021 **Universidad del Bío-Bío, Concepción**  
Informatics Civil Engineer
- 2009 – 2014 **Pontificia Universidad Católica de Chile, Santiago**  
Bachelor's degree in Biochemistry
- 2008 **Colegio Concepción, Parral**  
Secondary school degree

## EXPERIENCE

- Jan 2022 **Independent Informatics Consultant, Instituto Milenio de Oceanografía, UDEC**  
+ Supervisor: Dra. Carolina González (carolina.gonzalez@imo-chile.cl)  
+ Developing an efficient implementation of an existing algorithm used during taxonomic assignation tasks.
- 2014 – 2017 **Research Assistant, Laboratorio de Ciencias Cognitivas, CIM PUC**  
+ Supervisor: Dr. Pablo Fuentealba (pjfuentealba@gmail.com)  
+ Maintaining, developing and documenting software used for handling, visualization and analysis of experimental electroencephalogram data in a neuroscience laboratory.
- 2014 **Undergraduate Assistantship: Artificial Intelligence, PUC**  
+ Supervisor: Dr. Álvaro Soto (asoto@ing.puc.cl)
- Jul 2013 **Summer workshop at Harvard SEAS**  
+ Supervisor: Dr. Pavlos Protopapas (pavlos@seas.harvard.edu)
- 2013 **Undergraduate Assistantship: Data Mining, PUC**  
+ Supervisor: Dr. Karim Pichara (kpb@ing.puc.cl)
